Subject: RE: Another question

Hi Francine – below is information on the questions you had from staff meeting:

- Andy: OGC has requested program office views on a case involving Superfund and tribal authority over non-members. AIEO will be providing staff-level input and OGC management is expected to reach out to OITA management in the near future.
- Scott: provided an update on actions taken after the McGirt ruling, including the State of Oklahoma invoking a provision of the 2005 SAFETEA law which allows the State to assume environmental regulatory programs in Indian country. OITA may be tasked to lead a workgroup on implications arising from the McGirt decision.

Subject: Another question

Hello Andy,

Can you provide me more information about the case against OLEM was referred to Supreme court, and what OGC wanted our thoughts on?

Thanks
Francine
